SPORTS CLASSES/PROGRAMS SUMMER 2020

While we are closed, we are taking the opportunity to deep clean, paint, repair and reorganize. We have developed protocols for intensified cleaning and disinfection, and to implement social distancing strategies. The turf fields have been sanitized and an anti-microbial solution has been applied.

In an effort to be totally prepared when we are allowed to re-open, we have been working on changes that we will implement, so that we do everything possible to protect the safety of our guests and staff. Not only will we be following guidelines from the Department of Public Health and the CDC to implement whatever recommendations they might have, we have our own list of new procedures and protocols that will be put in place when we reopen.

Given the current uncertain circumstances, we will be limiting class offerings and number of participants per class in an effort to ensure the highest level of safety for all who come to the BSC. Over time, some of these temporary restrictions will be reduced or eliminated, but not until we feel it is the appropriate action to take for everyone's safety.

What are the dates for the Summer Sessions?

This summer we will be offering two mini-sessions. They will be divided into two 5-week sessions. The first session will be held from June 20th to July 26th. (No classes held 7/4 & 7/5). The second session will be held from July 28th to August 30th.

How can I register my child?

We will be offering two options to register your child for a program/class this summer. 1) Visit our website and click on the registration button. This will take you to our online registration process. 2) Contact us directly at 908-203-1600.

How many children will participate in each class?

Each class will be limited to only 8 total children. For all parent/child classes there will only be one parent allowed on the field with their child. For all other classes we encourage all parent's to either drop off their child and pick up at the end of class or to stay and watch from the sides.

How will the classes run?

A typical class will consist of fun, interactive games and activities as well individual skill building all while following the proper safety guidelines. Newly implemented class curriculums will focus on age appropriate games for each class. All classes will include warm-ups, individual skill intros, individual skill building, skill-based games, competitive activities and fun interactive games that are all age appropriate. Focus of each class will be on having fun while learning/building each player's skills specific to that sport.

What safety measures will be in place for classes?

You will be greeted by a BSC Staff Member when you arrive. We will have staff members positioned at either entrance. All guests will have their temperature taken prior to being permitted in the building. Should you or your child have a temperature 100.4 or over, you will not be permitted in the building. If all is well, hand sanitizer will be dispensed and you will be directed to your class location.

All class participants will be assigned their own ball/equipment to use for the duration of class and will be disinfected before and after each use. There will be no sharing. Unfortunately, handshakes and high fives will be discouraged. We will be practicing increased hand sanitizing and maintaining social distancing guidelines during class as well. The turf fields have been sanitized and an anti-microbial solution has been applied. High touch areas such as counter tops, tables and bleachers will be disinfected frequently

Social distancing will be mandatory for all participants including children, parents and BSC staff. Everyone involved must keep a distance of 6 feet while participating in class activities. More field space will be available for each class which will allow more room for all participants to practice social distancing.

What if I need to cancel my child's registration?

Given the current uncertain circumstances, we are temporarily changing our refund policy for all who enroll in our 2020 summer programs/classes. If we cancel a program/class or if you need to cancel your child's enrollment for any reason, you will be fully refunded.

What if my child was registered for the Spring 2020 Session?

If your child was enrolled in a Spring program you will have the following options: 1.) Transfer the registration into the Summer session; 2.) Keep the amount paid on your profile as a credit which can be put towards a future BSC program; 3.) Full refund for the class.

What are the Safety Measures being taken for BSC Employees?

We will be offering enhanced health screenings for our staff and ensure that all employees wear face masks and gloves. Prior to entering the building each employee will have their temperatures taken. If any employee has a fever of 100.4 or higher they will be sent home.
