Current COVID-19 Building Protocols to ensure the safety and cleanliness of BSC

- All BSC staff members will have their temperature taken upon arrival.
- All BSC staff members are screened upon arrival to make sure they do not currently have any COVID symptoms and have not been exposed to anybody who has recently tested positive for COVID-19.
- Any staff member not feeling well is instructed to not come to work until they are feeling better. All illnesses must be reported to a supervisor.
- Any staff member with a positive COVID case in their household must notify their supervisor and will not be allowed to come to work until a negative COVID test can be produced.
- The BSC provides Personal Protective Equipment (PPE), including masks to all staff.
- BSC staff members are encouraged to wash hands during breaks or as often as possible.
- BSC staff members will continue to clean/sanitize all areas of the building more often and will be constantly wiping down high touch areas including tables, benches, and equipment frequently used.
- Restrooms are checked and cleaned/sanitized several times a day with hospital grade CDC approved sanitizing products and electrostatic sprayers.
- Signage is posted throughout the building including social distancing signs to promote best practices.
- Additional hand sanitizing stations have been added throughout the building in high traffic locations.
